

Global Legal HACKATHON

February 22-24, 2019 | Beus Center for Law and Society

The **Center for Law, Science and Innovation** will host the 2019 Global Legal Hackathon at the Sandra Day O'Connor College of Law in Phoenix. This is the largest legal hackathon in the world—more than 45 host cities in 22 countries—that focuses on technological innovation in the legal industry. Whether you are a student, entrepreneur, attorney, seasoned coder, or complete novice, you can help push the legal industry forward.

- 1:30pm: Pitches and Judging
- 3:00pm: Awards

Join a Team / Make a Difference

Come with a great idea, or listen to pitches and join a team during kickoff. Build tools to provide better **access to justice** for citizens everywhere. Improve the **efficiency** of legal services for law firms and corporations. Tackle challenges in **data privacy**, **ediscoversy**, **secure file management**, and **analytics**. Address **regulatory hurdles** within the US and across international borders. If it can impact the legal industry, build it here!

GROWL (Global Rise of Women in LegalTech)

For this year's hackathon, GROWL mentors will be on hand during the event to provide enhanced collaboration and support for **women-led teams**. Learn more about GROWL here: <https://globallegalhackathon.com/growl/>
